

CSCI 1060U - Laboratory #5

Code Style & Documentation

Lab Due: Sunday, Oct. 25, 2020 at 11:59pm (Canvas)

Introduction

The main purpose of this lab is to reinforce the lectures on code style and documentation.

Activity #1

Download the file lab05.cpp from course website. Make as many improvements to the code style as you can including white space, variable names, etc. (*NOTE*: do this manually – no automated formatting tools allowed). Comment the file completely. You should submit your updated source file through the lab drop box in Canvas.
